MICHIGAN
POTATOES

www.mipotato.com

The Michigan Potato Industry Commission is an organization created by Michigan Public Act 29 of 1970, as amended, to foster, develop and promote the potato industry in Michigan.

The Commission is represented by growers, processors, shippers and a retailer. The persons serving in these positions are appointed by the Governor with the consent of the Senate. In addition, a staff member from the Michigan Department of Agriculture and a staff member from Michigan State University serves as ex-officios.

The directory of the Michigan potato industry is produced by the Michigan Potato Industry Commission. It includes names of growers, shippers and other listings of importance to the industry.

The Commission is pleased to provide this directory to you. Updated versions of this directory in both HTML and PDF formats can be found on the MPIC website (www.mipotato.com) under “growers.”

The MPIC welcomes inquiries and comments from all sectors of the industry in order to better serve the needs of Michigan potato growers.
